comfort solution overview

A Vantage system gives you unparalleled control of comfort systems throughout your home. Whether it’s an evening cocktail party for 50 of your closest friends or a quiet night at home by yourself, Vantage control systems make maintaining comfort simple and convenient. Change the temperature setting, check current weather conditions or raise and lower window treatments all from the convenience of your Equinox keypad, touchscreen or mobile app.

InFusion Comfort Solution
EQ73TB-TI, CC-STAT, FLUSH SENSOR

The cornerstones of Vantage’s InFusion comfort system are the Vantage Communicating Thermostat and Remote Temperature Sensor.
comfort system core products

Most people leave the house at one temperature and forget to change it but with Equinox devices, temperature set points can be scheduled and controlled. Schedule it well and Equinox can lower your heating and cooling bills up to 20%. Set or modify schedules from Equinox touchscreens or apps.

Featuring thermostats, humidistats, temperature sensors and more, the InFusion comfort system from Vantage helps you enjoy the comfort of your home, simply.

The WireLink Thermostat Interface provides bi-directional communication between the Vantage InFusion system and the CC-STAT connected to the HVAC system.

Communicating Programmable Thermostat
CC-STAT

The Vantage Communicating Thermostat provides comfort and energy efficiency along with easy installation and full InFusion integration. This multi-function thermostat is compatible with most residential HVAC systems, including single stage, heat pump and multi-stage.

This thermostat can also be adapted in the field to work with and control humidifier and dehumidifier systems.
Widgets for Equinox are designed to work specifically with the Vantage climate control system, so using these core products will guarantee the best possible comfort experience.

Equinox 40 and 41 Digital Keypads
EQ40TB-TI and EQ41TB-TI

The Equinox 40 keypad and 41 touchscreen are beautiful wall-mounted interfaces for the InFusion comfort system. They feature full color, capacitive touchscreens and climate dashboards for quickly accessing comfort controls. You can easily control thermostats or humidistats in the room, in the home or both.

Equinox 73 Touchscreen
EQ73TB-TI

The Equinox 73 touchscreen is a beautiful wall-mounted interface for the InFusion climate control system. Personalize and edit your own climate schedules, your way. Customize your climate experience by making changes to existing thermostat schedules or adding new ones, right from your touchscreen or app.
comfort extra features

Thermostat Schedules
The Climate Widget gives visibility into the home’s thermostat temperature schedules through the rich user interface without over complicating things. It’s “always on” and will grow and adapt with you.

Premier Partners
Widgets for Equinox are designed to work specifically with Vantage’s own climate control system as well as those from Premier Partners, so choosing these core products will guarantee the best possible experience.

Easy Setup
Through InFusion Design Center software, thermostats, sensors and widgets come together quickly. No additional programming needed.

Expansion
Engineered for expansion. Thanks to the flexibility of the InFusion system bus architecture, which allows for multiple wired and/or wireless stations, the comfort system can be expanded to include dozens of thermostats for a variety of HVAC systems if necessary.
specifications

Vantage Communicating Thermostat
CC-STAT

Compatible Systems
Standard Gas, Oil, Electric
Single Stage/Heat Pump/Multi-Stage

Temperature Ranges
Control • 45° to 99°F (7° to 32°C)
Display • 32° to 99°F (0° to 40°C)
Accuracy • ± 1°F (± .5°C)

Power
Power Draw Maximum • 86.4 mA rms
(With 24 VAC Input Voltage and Backlight ON)
Power Draw Typical • 21.6 mA rms
(With 24 VAC Input Voltage and Backlight OFF)
Power Input • 18-30 VAC (24VAC Nominal) 50/60Hz

Voltage
DC Power • 3.0 Volts DC
(2 "AA" Alkaline Batteries Included)

Maximum Loads
Per Terminal • 1 Amp
All Terminals • 2.5 Amp

Miscellaneous
Weight • 15 oz (.425 kg)

Operating Ranges
Operating Humidity • 5% to 90% Relative Humidity
Operating Ambient Temperature • 32° to 120°F (0° to 48.9°C)
Typical Control Accuracy • ± 1°F at 68°F / ± 0.5°C at 20°C

Dimensions, HWD
4.9375" x 6" x 1.3125"
125.4mm x 98.4mm x 49.2mm

System Requirements
Each Vantage thermostat requires a thermostat interface, RadioLink or WireLink, connected over Station Bus or RadioLink
Equinox 40 Digital Keypad
EQ40TB-TI

Display
4.3” Diagonal
Active Matrix Color LCD

Features
Up to 3 Swipable Pages
Single Layer Mini-Widget UI

Controls
Hard Buttons • 2 (1 Home, 1 Programmable)
Header Mini-Widget (Climate, Clock, Weather)
Scenes Mini-Widget
Audio Mini-Widget

Sensors
Proximity
Light (for Screen Brightness)

Connections
Station Bus • 1
Auxiliary • 1

Wall Dimensions
3.54”W x 4.72”H
0.45” Off-Wall

Equinox 41 Digital Keypad
EQ41TB-TI

Display
4.3” Diagonal
Active Matrix Color LCD

Features
Single Layer Widget UI

Controls
Hard Buttons • 2 (1 Home, 1 Programmable)
Full Mini-Widgets:
Audio, Climate, Scenes, Weather, Video,
Cameras, Security, Energy, Theater

Sensors
Proximity
Light (for Screen Brightness)

Connections
RJ45 (PoE) • 1

Wall Dimensions
3.54”W x 4.72”H
0.45” Off-Wall
